## Spiritual Protection for Your Children

Ed and Linda Smith

### Why this topic?

We know all about the physical dangers that our children face, but are we informed about the spiritual battle that is being directed toward our children? As parents, are we equipped to help them win this battle?

Satan is waging a battle for the hearts and minds of our kids. This workshop is designed to equip **parents and pastors** with tools to help free our children and youth from strongholds set up by the world, the flesh and the devil.

We must take a stand and help our children live and walk in the freedom that Christ Jesus purchased for them.

*Don't be afraid ... Remember the Lord who is great and awesome, and fight for your sons and your daughters and your homes.*

*Nehemiah 4:14*

### What is discussed?

Ed and Linda share the story of their daughter, Cheri, who left home at 17 years of age, with a young man she barely knew. He took her to other cities where she prostituted herself to help support his drug habit. After 10 months of street life, being six months pregnant, Cheri died a slow and painful death at the hands of an unknown person.

Linda says, *"We felt absolutely helpless as we watched our lovely daughter destroy herself. Since that time we have met many parents who feel the same about their own situation. But there is hope! There are answers, and we want to share them."*

In this workshop we will expose some of the tactics that are being used against our children and explore the weapons that God has given us to help our children stand against these attacks

It is not enough to cut off harmful influences. We must show our children how to find their freedom and identity in Jesus Christ in the inner person. This is the greatest thing we can do for them.
